Explanation about ANNUK and how a COP works including the terms of reference

This was given by Chris – essentially meeting every 2 months a way to formally network and support renal AP across the country

My vision is to create a national AP renal standard to support existing AP and trainees similar to the ones endorsed by NHS England

Volunteer for additional COP leads (Thank you to Andrea for already volunteering)

Discussion was had an either Marie or Natalie will take of the role of 3rd lead – TBC
Explained this was a rotational post to ensure drive and enthusiasm does not wane

ANN UK conference – 4th April 45 min Workshop suggestions any ideas (needs to be in for 6th JAN!) more participation less PowerPoint is the guide. Also Report for submission

Chris shared her idea – its 5 pm and the phone rings (similar to a format at UKKW) 2 scenarios suggested CKd with hyperkalaemia and renal transplant patient with vomiting
Covers generic topics such as SBAR, OLDCARTS, basic ECG reading
Andrea advised to have one scenario in hand - Blocked access suggested
Chris invited all to attend to help chair the session

National guidelines – what's out there already

Vision to create one document of standards/ competencies which is generic for the whole country but can be tailored to the role required due to the diverse nature of renal AP.

Chris felt it should be based on the ST3 training syllabus – all agreed
Natalie – has a document already based on this she will send to Chris to disseminate
Suggestion to start with a chapter at a time for alteration/ approval but use this as a base document

AOB

Renal profession contributions requested for 75 years of professional association – ideas need to be submitted by 10th Jan

Something around AP in renal discussed

Natalie shared an article written in the BMJ

Any other ideas to Chris before 10th

Action points

Chris – send out minutes

Marie / Natalie to discuss who will be Cop lead with Chris and Andrea

Chris – to send Workshop idea to Becky – by 6th Jan

Natalie -to send her competency document to Chris to disseminate

Agenda for next meeting to be sent out

All- Any ideas for 75th anniversary of renal professional association “outstanding contribution “to be sent to Chris to forward to executive team by 10th Jan

Next meeting (any days /times to avoid)

21st 2 pm (just to have a meeting in normal time!)
